## PRESIDENTIAL MESSAGE

On 27th. April this year the Board of Regents held its annual meeting at the premises of the Victorian Branch of the Australian Dental Association at Mathoura Road, Toorak. I personally wish to extend my appreciation and thanks to the Association for making their premises available to us and to their staff who have always been most helpful. I also extend my sincerest thanks to our Treasurer, Fellow Bill Chalmers, for organising the meeting and making all the necessary arrangements which make any meeting a success.

As of 31st. March this year our membership stood at 323, composed of 260 Active Members, 62 Life Members and 1 Honorary Life Member. Since then there have been two resignations. Our membership, however, continues to grow. After this meeting twenty four persons were invited to become members of the College.

As I was in the eastern part of the country, I decided to extend my visit a bit further north to Brisbane. There Regent Peter Ryan had organised an informal get together with the Fellows of the area and their wives and husbands at the United Service Club. As a graduate of the Queensland Dental School it was good to be on familiar ground again and to meet colleagues with whom I had spent my undergraduate years.

At the end of the evening those in attendance unanimously decided that all had enjoyed the opportunity to spend some time together in such an informal manner and decided that these informal meetings should become regular events, not necessarily in the presence of the President. This is a challenge to the State Regents, on whom falls the responsibility for organising these affairs.

Spyros E. Halikis  
President

## Forays in Asia

Fellows **Neil Henry** in China and **Dick Hardham** in Veitnam have brought back impressions of the practice of dentistry in those two countries.

Neil found great contrasts within that enormous nation ranging from state-of-the-art to old time traditional Chinese remedies. His attempts to arouse interest in international participation proved unsuccessful.

Dick was at the first international congress to be held in Ho Chi Minh City. Lecturers included Fellows **Graham Mount** and **Kevin Allen**. John Cooney of Sydney also spoke.

As in China, contrasts were abundant and opportunities for assistance available for those interested.

## College Projects

The President has made a call for fresh initiatives to continue the College tradition of affording assistance to the profession in areas not normally

covered by other agencies. At the last Board meeting a grant was approved to help support an inaugural Student Overseas Elective Program in the Asian Pacific Region. The concept behind this student exchange scheme is to promote continuing education in our own region.

The inaugural scheme targets the dental schools of Hong Kong and Adelaide. Later the other Australian schools would participate on a rotating arrangement with a specific Asian Pacific school to be targeted each year.

The College is a co-sponsor of the scheme whose participation will be appropriately acknowledged.

It does not follow that the contribution be an annual one. Each state would organise its own sponsorship with the possibility of a future approach from a different source.

It was felt that the international flavour of the scheme combined with the promotion of dentistry and dental education fell well within the ideals of the International College of Dentists.
